Subject: Letter of Recommendation for Katie Buckley

Dear Ms. Johnson,

I am pleased to recommend Ms. Katie Buckley, whom I have taught for the past two years as a Professor of Sociology.

Katie ranks in the top 10% of her cohort and has consistently earned top grades in my courses. In one of her research projects, she analyzed survey data from over 200 participants and delivered a report that was among the highest-scoring submissions in the class.

She has demonstrated strong leadership by coordinating group projects of 4–5 students, ensuring all deadlines were met and improving overall group performance. Her ability to manage coursework alongside extracurricular activities and part-time work reflects strong time management and discipline.

Katie has also pursued additional academic development through research and internships, applying theoretical concepts to real-world scenarios with clarity and precision. Her communication skills and structured thinking make her highly effective in both academic and collaborative environments.

I highly recommend Katie Buckley. She will bring measurable value and strong performance to any organization or program.

Sincerely,

Axel H. Marshall
Professor of Sociology
